Venue Access

Arrival and Departure

Our volleyball training takes place at William of Orange School in Cloverdale. There is ample parking space as shown on the picture on the right hand side below. Only athletes and coaches will be allowed inside the gym as there is limited room around the court.

William of Orange School. 17465 60 Ave, Surrey, BC. Conveniently located in Cloverdale, BC.

Registration and Sign-In

Registration

Registration and payment for all our training groups is completed online.

Change of Athlete Groups

When we have two groups of athletes training in back-to-back timeslots, we will allow at least 15 minutes between groups to allow the first group of athletes to safely leave before the second group of athletes enters the courts. There is plenty of space (including a covered outdoor area) for the second group of athletes to wait if they arrive early. The second group of athletes will be directed to stay away from the courts until it is time for their group to start training.

Participant Guidelines

- Any athlete displaying illness symptoms of any kind must not attend
- Athletes must avoid touching their mouth, eyes, or nose
- No sharing of water bottles
- No sharing of any personal equipment
- No direct contact between athletes

Equipment Cleaning

Equipment Cleaning Procedures

All the volleyballs will be sanitized before and after each group of athletes uses them.

Handwashing Procedures

Each athlete will be required to clean their hands (using hand sanitizer) before and after each practice. We encourage players to bring their own hand sanitizer, however, we will also provide hand sanitizer should an athlete forget to bring their own.

Spectators

No spectators will be allowed at any time inside the gym. This includes parents and family/friends.
